
AHS GENERAL PLAN PROJECT

TOPIC: Transportation & Mobility

PERIOD: 2

TEAM: Avery J. Vincent M. Jackson C. Luke
R. Jacob A. Angela D. Mason D.

Making Atascadero More Walkable

Atascadero is too fast and we need to make it more accessible for bikers and walkers

- ❑ Adding additional parking
- ❑ Accessible Public transportation
- ❑ More crosswalks
- ❑ Lower speed limit downtown
- ❑ Add crosswalk south Atascadero/El Camino

Use imagery

PUBLIC OUTREACH

Family/friends

- Shrinking down town
- Slowing down cars
- More accessible walkways

Community

- Adding roundabouts
- More parking

Sheriff Department

- Emphasized on slowing traffic down
- More visible walkways at night

RESEARCH

WHAT DID WE LEARN ABOUT THIS ISSUE?

- **Why is it a problem**
People need to get to their destination safely
- **Who does it affect?**
Citizens of Atascadero
- **Is it complicated?**
No

[SLO, Seattle, San Diego]

- A. SLO, Added more parking and narrow streets
- B. Seattle, bus routes and bike paths.
- C. San Diego, is too widespread for transportation, they used bus routes to ease transportation

SOLUTIONS

Roundabouts & Crosswalks

- **1.**
More crosswalks with flashing
light sensors
- **2.**
Roundabouts

RECOMMENDATION(S)

- Put more crosswalks to el camino
- Add more roundabouts
- Slow down the traffic downtown
